While DAV feels proud of its achievements, it is yet not contented. Its vision is to be crowned as the finest educational organization in the world. Its mission is man-making, dispelling knowledge and building Vedic values. Our success in this endeavor has the potential of making our society free from prejudices and vices. We, the members of DAV fraternity, believe that the best way to bring a change is to initiate it. With this belief, we have continually engaged over more than 138 years in a relentless endeavor to grow and develop into a pioneer organization in the field of education.

FROM THE PRINCIPAL'S KALAM

Education is an un-ending and ongoing process. One has to keep in mind the service of humanity as an ultimate aim of learning. On assuming the office as Principal of the prestigious D.A.V. Public School, Behror, I convey my immense pleasure in getting an opportunity to work and fruitfully interact with all staff members, students and their parents.

In recent years D.A.V. Public School, Behror has grown immensely in its size and stature. It is our solemn duty and responsibility to ensure that purposeful education and training of a high standard is imparted to our students to equip them to compete for various careers and courses of their choice in the years to come and also that desired facilities within available resources are provided to all helping them to attain their cherished goals.

I assure, to the best of my ability, for a selfless contribution towards the noble cause of building up the institution for all-round growth and development of children. To bring up the school comparably at par with other schools of repute calls for wholehearted dedication on the part of students, staff members as well as everyone associated with the school. Let us, therefore, remember that:

**"To get together in the beginning,
To stay together in progress,
To work together in success."**

R. P. Gautam
Principal

" No one is wise by birth, for wisdom results from one's own efforts."

ABOUT THE SCHOOL

Ever since its inception in 1995 the school has constantly been on the path of success, transforming young children into educated citizens of the country. Our basic endeavour is to impart a whole gamut of education. The aim is not only to educate the mind but to educate the soul as well. This is providing holistic education to our students. The school is spread over 2.78 acres. This is being done with the blessings of honourable The Padma Shri Dr. Punam Suri Ji (President of DAV CMC NEW DELHI) and his team of dedicated office bearers who have a progressive vision.

The D.A.V. Institutions soon got respect and reputation in the society and begin to be recognized for their high academic standards and value based education. We here produce good citizens for the nation and noble human beings for the society. We try and inculcate the habit to memorise the vedic mantra and the motto of Mahatma Hansraj 'OM Vishwani Deva...'. The school aims to develop on all round personality of a student and make him/her a useful, enlightened and disciplined citizen who is pride of our country's rich culture and civilization. Achieving academic excellence along with opportunities for the development for individual talents.

The school enables a child to extract from his environment that knowledge which will prepare him to face the challenges of modern life.

A religious connect helps the students to stay connected to morality and fear mischief. Devoting five minutes of the morning into praying could give the students a wonderful start. The way we assemble and stand silently, follow instructions and engage in internal conversations, helps to catalyse the positive energy.

LIFE SKILL PROGRAMMES

A school is a place where a child undertakes the journey of developing into an adult. Throughout the school's phase, a child gains knowledge, essential life skills, wisdom, intelligence, character, and his/her persona. That is why the choice of schooling for a child should be made after through consideration.
